

Quantitative Reasoning (QR)

at

Millikin University

To fulfill the QR requirement at Millikin University, a student must complete **both** A and B below.

A

All students must show minimum competency in mathematics.

This can be done by one of the following:

1. ACT Mathematics subscore of 22 or higher
2. SAT Mathematics subscore of 540 or higher
3. Score 3 or better on Millikin University's mathematics placement exam.
4. Completing the Mathematics Enrichment Program through MA098

The starting placement is based on ACT/SAT Mathematics subscore or Math Placement Exam score:

- a. ACT Mathematics subscore 0 - 18 = Mathematics Enrichment Program (SAT Mathematics subscore 0 - 480 or Math Placement Exam score of a 0 or 1)
- b. ACT Mathematics subscore 19 - 21 = MA098 (SAT Mathematics sub-score 490 - 530 or Math Placement Exam score of a 2)

B

All students must pass an approved QR course(s).

Approved QR courses listed below.

All MA courses numbered 109 or above.

PS/SO201

PH113

Two Courses sequence of MT111 **and** MT112
