Make it Millikin.
DO YOU DREAM OF OWNING YOUR OWN BUSINESS? DO YOU IMAGINE YOURSELF ON BROADWAY?

DO YOU SEE YOURSELF MAKING STRIDES IN THE FIGHT AGAINST CANCER?

See yourself at Millikin.
Whether it’s designing your own business, innovating health care, producing a Broadway musical or breaking new ground through scientific research, at Millikin, we practice what we teach. Internships. Student-run ventures. Learning laboratories. Global exploration. The result? Millikin graduates are prepared to make meaningful contributions as professionals and as a new generation of courageous, confident leaders.

Now is the time. Millikin is the place.

Your story starts here.

The College of Arts and Sciences enables students to develop new skills, perspectives and experiences which deepen the human condition. We invite students to become knowledge seekers, makers and transformers in their communities and professions. Learn beyond the instant. Go beyond the surface.

Caleb Kelch
Class of 2021
Communication & Music Double Major
Caleb has been able to combine his passions for communication and music in a practical way by serving as assistant music director for Millikin's student-run radio station, WJMU, and creating his own podcast.

Rubi Rodriguez Bobadilla
Class of 2020
Biology, Pre-Medicine Major
Rubi, a Long-Vanderburg and Leighty Science Scholar, chose Millikin for its heavy concentration in pre-professional studies with hands-on practice that successfully prepared her for entrance into medical school.

Mackenzie Martin
Class of 2020
Biology, Pre-Optometry Major
Millikin's individualized, innovative instruction allowed Mackenzie to conduct graduate-level research and a clinical nuclear science internship on her way to becoming an optometrist.
Millikin's Human Service Connection Club and the Macon County Continuum of Care hosted the 12th annual Boss City in support of Hunger and Homelessness Awareness Week. Graduates work in organizations across the country, including Big Brothers Big Sisters, disability services, hospitals, care centers and mental health facilities.

MAJORS
- Human Services
- Psychology
- Sociology

MINOR
- Psychology

BIOLOGY
Biology students gain many scientific research experiences that benefit their futures, either in jobs or graduate programs. Recent students have been awarded fellowships for ecological studies, worked alongside faculty to conduct breast cancer research and performed graduate-level research on infectious diseases.

MAJORS
- Biology
- Allied Health
- Molecular & Cell Biology
- Biology Education

MINOR
- Biology

CHEMISTRY
Millikin chemistry students have access to state-of-the-art equipment and complete at least one semester of research in tandem with a faculty member. Millikin also collaborates with outside companies to offer internships for students, where they can apply the skills they've learned in the classroom to real-life settings. Millikin ranked in the top seven colleges in Illinois for chemistry majors, according to Zippia.

MAJORS
- Chemistry
- Biochemistry
- Business
- Research
- Chemistry Education

MINOR
- Chemistry

COMMUNICATION
Communication students can tailor their course schedules to fit their interests. They gain hands-on experience through courses, projects and internships that make them strong job applicants. They can also practice Performance Learning by working at Millikin's award-winning newspaper, The Decaturian, or radio station, 89.5 WJMU The Quad.

MAJOR/MINOR
- Communication
- Health Communication
- Media Studies
- Organizational Communication
- Public Relations

ENGLISH
English is a very versatile major, and graduates go on to become writers, teachers, lawyers and more. M.S.'s Emily Skaya, Class of 2006, won the 2018 Walt Whitman Award from the Academy of American Poets. At Millikin, English majors practice Performance Learning in a variety of ways, from publishing original research to working at Millikin's student-owned publishing press. Our students can publish their work in class anthologies, the student newspaper, the student literary magazine, and more. The department also encourages students to submit their work beyond campus.

MAJORS
- English Education
- English Literature
- English Writing
- Creative Writing
- Journalism
- Professional Writing, Publishing & Rhetoric

MINORS
- English
- Publishing & Editing
- Writing

ENVIRONMENTAL STUDIES
Environmental studies teaches students to think critically about the issues affecting our planet. This interdisciplinary program enhances a student's knowledge of the complex and dynamic relationship between humans and the natural world. Seniors complete an internship or conduct research as part of the program's requirements.

MAJOR/MINOR
- Environmental Studies

HISTORY & POLITICAL SCIENCE
Students in history and political science hone their critical-thinking skills and develop an understanding of the political world at the domestic and international levels. Students start their careers before graduation by studying abroad, participating in internships including the United Nations session in New York and The Washington Center semester in Washington, D.C., and participating in events such as Moot Court. Last year, Millikin's Model Illinois Government legislative delegation not only took on leadership roles but also earned various honors.

MAJORS
- History
- Political Science
- Social Science Education

MINORS
- History
- Political Science

MATHEMATICS
Millikin's mathematics faculty teach students to apply mathematics in a wide variety of areas and to present their findings both orally and in writing, readying them for careers or graduate programs. According to BestColleges.com, some of the fastest growing positions in the United States are in the STEM field.

MAJORS
- Computer Science
- Mathematics
- Actuarial Science
- Data Science
- Mathematics Education

MINORS
- English
- Publishing & Editing
- Writing

MODERN LANGUAGES
Millikin offers foreign language classes in Spanish, French and Italian. Our faculty aim to teach students the four basic skills of mastering language: speaking, listening, reading and writing. Students also develop an appreciation for the culture, literature and fine arts of other countries. Students are encouraged to get involved with Sigma Delta Pi, the French Club and study-abroad programs, such as our January immersion course, Spanish for Journalism. Previously, students launched their own online bilingual magazine, Mosaicos: Voces Bilingües.

MAJORS
- Spanish
- French

PHILOSOPHY
Philosophy emphasizes the development of essential skill sets, including critical, analytical and logical thinking; reading comprehension; clarity of writing; and creative thinking. The ethics major reinforces the ethics major reinforces the ethics major reinforces the ethics major reinforces the ethics major reinforces. This interdisciplinary program raises students to think beyond the discipline of philosophy, reasoning in a broad and systematic way about questions and problems that matter to human life. The philosophy major prepares students for a lifetime of learning and for a host of opportunities after graduation, including law school, graduate study in fields such as government, management, social science research, teaching or graduate study.

MAJORS
- History
- Political Science
- Social Science Education

MINORS
- History
- Political Science

PHYSICS
The physics faculty help students customize their plans of study based on post-graduation plans, whether that includes working in engineering, business, medicine or astrophysics. The freedom to tailor studies to individual needs has led many Millikin graduates to become successful engineers, professors, doctors and business leaders.

MAJOR/MINOR
- Physics

SOCIOLGY & CRIMINAL JUSTICE
The field of sociology and criminal justice is an interdisciplinary field of study which prepares students for a variety of careers working with diverse populations. Community- based projects partnering with law enforcement, teens and social service agencies prepare students for a host of opportunities after graduation, including social service, law and policing, public administration, management, social science research, teaching or graduate study.

MAJORS

EXPLORATORY STUDIES (UNDECIDED)
Still unsure about choosing a major? In Millikin's exploratory studies program, students are assigned an advisor to help identify their interests and to cultivate their interests. Students may remain in this program until the end of their sophomore year. When ready to declare a major, they may choose from one of the more than 50 undergraduate programs that Millikin offers.

DUAL-DEGREE PROGRAMS
Millikin partners with the University of Missouri-Kansas City (UMKC) and Washington University in St. Louis to offer students dual-degree programs in supportive, personalized settings. Students in these programs spend three years completing a biology, chemistry, mathematics or physics degree at Millikin. They then spend two years at either UMC or Washington University in the engineering or computer science fields.

AVAILABLE DUAL-DEGREE (3+2) PROGRAMS
- Biomedical Engineering
- Chemical Engineering
- Civil Engineering
- Computer Engineering
- Electrical Engineering
- Mechanical Engineering
- System Science Engineering
- Pre-Medical Technology (3+3)

EXPLORATORY STUDIES (UNDECIDED)
Still unsure about choosing a major? In Millikin's exploratory studies program, students are assigned an advisor to help identify their interests and to cultivate their interests. Students may remain in this program until the end of their sophomore year. When ready to declare a major, they may choose from one of the more than 50 undergraduate programs that Millikin offers.
The College of Fine Arts enables students to gain real-world experience in every aspect of their field, from development and production to performance. The arts are a living, vital part of the Millikin culture. Our campus is brought to life through the talents of our students as they grow as artists, scholars and humans.

Trey DeLuna
Class of 2020
Musical Theatre Major
Performances in productions such as “Phantom of the Opera” and “Chicago: The Musical” have prepared Trey for his future as a professional actor.

Claire Eppley
Class of 2022
Arts Technology Major
Project-based assignments, direct work with clients and internships have put Claire on the path to becoming a graphic designer.

Frankie Paredes
Class of 2020
Commercial Music Major
Millikin’s School of Music provided Frankie with the tools to prepare him for graduate study on his way toward reaching his goal of becoming a college educator.

SCHOOL OF THEATRE & DANCE
Millikin School of Theatre and Dance students gain invaluable experience within a nationally recognized program. For many years, the New Musicals Workshop has given students the opportunity to collaborate with professional playwriting teams to develop new musical productions. This hands-on approach to education offers students practical experience that prepares them for professional success. Students participate in several Center for Entrepreneurship activities on campus, including a student-run theatre company, Pipe Dreams Studio Theatre.

schooloftheatre.com
The Center for Theatre & Dance is Millikin University’s newest campus facility. The $29 million project features a 260-seat flexible theatre, which includes an orchestra pit, balcony and tech gallery with a tension wire grid. The new building also features lighting and sound labs, a costume studio, a costume classroom, collaboration spaces, acting studios, design classrooms, practice rooms, modern theatre equipment and offices and support facilities for current staff, with room for growth. The innovative facility houses all areas of study within the nationally recognized school.
The College of Professional Studies combines theory, practice and reflection to prepare students for graduate programs, professional leadership and beyond. Integrated, collaborative, immersive learning dominates our culture. Our students are engaged and stimulated as they develop both on a professional and personal level.

Ashlyn Hartman  
Class of 2020  
Sports Management & Mathematics Double Major
Ashlyn synthesized her passion for sports and data analysis by conducting research on whether the National Football League Combine workout directly correlates with player performance.

Marcus Hayes  
Class of 2021  
Nursing Major
Millikin’s School of Nursing, with its rigorous curriculum and hands-on experience, has allowed Marcus to gain the practical expertise necessary for a future in nursing.

Noah Jahangir  
Class of 2021  
Athletic Training Major
Millikin’s opportunities for Performance Learning, which allow Noah to gain real-world practice, are giving him an edge in developing the skills he needs to accomplish his dream of working with athletes.
SCHOOL OF EXERCISE SCIENCE & SPORT

The School of Exercise Science and Sport prepares students to provide leadership within the fields of exercise, fitness, health and management. Programs are designed to follow educational tracks in strategic support of professional goals, each equipping students with opportunities for Performance Learning. The new exercise science major provides students two options for degrees. Students who follow the exercise science major obtain positions in exercise, fitness, coaching or go on to graduate school. Students interested in the Masters of Athletic Training (MSAT) will complete the first three years in the exercise science major, then be eligible for a secondary admission process to complete the MSAT program.

Nick Harper
Class of 2020
Entrepreneurship Major
After coming to the University as a transfer student, Nick has had the opportunity to study abroad, intern as a band tour manager and participate in several student-run ventures during his time at Millikin. He also ran Blue Brew, Millikin University’s student-run coffee shop in downtown Decatur.

Gabriel Gil
Class of 2019
International Business Major
Gabriel, an international student from Venezuela, rounded out his Millikin experience through numerous business projects and startups with the Tabor School of Business.

Mikayla Krieger
Class of 2020
Business Management & Digital Media Marketing Double Major
Her experience in internships and student-run ventures, combined with her status as a Lincoln Laureate, have helped Mikayla forge connections that will help power her future.

The Tabor School of Business develops students into entrepreneurs, strategists and innovators. Students work with real clients, create real businesses and solve real problems. They are more than just prepared ... they’re ready to take the lead.

millikin.edu/tabor
ACCOUNTING
Accounting majors develop and interpret financial data required for company decision making. They prepare for jobs at accounting firms, government branches, schools and private industries, including banking and health care. Millikin encourages students to pursue the Certified Public Accountant (CPA) certification and offers a review course to help with CPA exam preparation.

MAJOR
» Accounting

BUSINESS MANAGEMENT
Business managers use human, financial, technology and material resources to meet organizational goals. Students will learn what it takes to manage a business by completing hands-on class projects, internships and global experiences. Tabor students also develop invaluable skills in relationship building, teamwork, written and oral communication and critical thinking.

MAJOR
» Business Management
» Supply Chain & Logistics Management

MINORS
» Business Administration
» Industrial Engineering
» Organizational Leadership

CYBERSECURITY
Students with a major in cybersecurity will build a deep set of technical skills related to IT infrastructure, networking and information security. This major is multidisciplinary in nature to provide students with a foundation in necessary business skills along with the ethical and legal elements necessary to analyze the effect of cyber threats.

MAJOR/MINOR
» Cybersecurity

DIGITAL MEDIA MARKETING
Marketing majors develop and implement effective marketing plans for any type of organization. Students use new technology and social media to plan and execute innovative marketing campaigns. Career skills include writing and submitting press releases, proofing, editing, tracking metrics and maintaining social media accounts.

MAJOR/MINOR
» Digital Media Marketing

ENTREPRENEURSHIP
Entrepreneurship students learn how to run and grow their own businesses through coursework and internship opportunities. Students also have the chance to hone skills by starting their own student-run businesses.

MAJOR/MINOR
» Entrepreneurship

FINANCE
Finance majors utilize their skills to analyze financial statements, assess trends in market data and evaluate the fiscal health of a variety of organizations. Students prepare for careers as financial analysts, investment managers, commercial lending officers, insurance underwriters and more.

Finance majors have the opportunity to exercise Performance Learning through internships with corporations, financial institutions or investment firms, as well as hands-on management of the Tabor Investment Portfolio.

MAJOR/MINOR
» Finance

INTERNATIONAL BUSINESS
Students in this major complete an internship abroad and gain an understanding of how business operates at all levels — locally, regionally and internationally. International business majors are culturally aware, business savvy and willing to adapt to cross-cultural environments. Graduates find jobs as foreign sales representatives, international marketing managers, translators and more.

MAJOR/MINOR
» International Business

MANAGEMENT INFORMATION SYSTEMS
Management information systems students study the interaction between people, processes and technology to help improve business operations in today’s ever-changing market. Students learn how to collect, organize, store, analyze and transform mass data into accurate and understandable information that significantly influences organizational performance.

MAJOR
» Management Information Systems

MATT GUFFEY
PRESIDENT OF GLOBAL STRATEGY
UNITED PARCEL SERVICE

“At Millikin, I really enjoyed the different classes I had the opportunity to take and the different professors I was able to interact with. Those were the things that started to guide and steer me toward exactly what I wanted to do. What I learned at Millikin really enabled me to make more of an impact while working at UPS as the director of marketing for UK, Ireland and the Nordics and now vice president. It will make a difference for other graduates, too — whatever it is you want to do or wherever it is you want to go in your career.”
Students are offered a wide range of opportunities to test drive their skills in an environment outside of learning laboratories. These ventures are supported by Millikin faculty and staff, but they are managed and run by students. This is the difference between passing a test on the fundamentals of running a small business versus actually running a small business with real money at stake. We call these student-run ventures.

STUDENT-RUN VENTURES AT MILLIKIN UNIVERSITY

» Blue Connection Art Gallery
» Blue Brew Coffee Shop
» Big Blue Personal Training
» Blue Satellite Press
» Bronze Man Books
» Carriage House Press
» Clio Consulting
» First Step Records
» Ignite Studios

» Millikin Creates
» Millikin Industry Studies Tours (MIST)
» Mosaicos: Voces Bilingües
» MU Performance Consulting (MUPC)
» Pipe Dreams Studio Theatre

These qualities combine to power Performance Learning, our hallmark approach to education, which moves classroom theory to real-world application. Opportunities for Performance Learning occur across campus and across colleges, embodying diversity and inclusiveness. Student-run ventures, internships, immersion courses and study abroad programs each play a critical role in curriculum throughout the arts, sciences, social sciences, humanities and, of course, the world of business.

At Millikin, there isn’t one group driving the spirit of learning; rather, the spirit of learning does the driving.
The Honors Program at Millikin is a diverse, interdisciplinary program that fosters a collaborative environment where scholarship and creativity converge. As an honors student, you’re afforded the opportunity to enrich your academic career through exclusive honors courses and independent study projects, all while fulfilling your University Studies requirements. With Honors Scholar on your résumé, you’ll show future employers that you’re committed to lifelong learning and ready to go the extra mile in whatever you do.

Millikin believes that in order to truly understand the global economy in which we live and work, we must immerse ourselves into our international world. For that reason, Millikin students have the opportunity to live and study in other countries while participating in lectures, group projects, company visits and cultural tours. The Center for International Education (CIE) at Millikin University is proud to sponsor several ongoing international opportunities. With support of the CIE, you can live and study all around the world in places such as:

- Argentina
- Australia
- Austria
- Belgium
- Chile
- China
- Cuba
- Denmark
- Dominican Republic
- Ecuador
- France
- Germany
- Ireland
- Italy
- Japan
- Mexico
- South Korea
- South Africa
- Spain
- Taiwan
- The Netherlands

According to nearly 4,000 study abroad alumni:

- 96% indicated that studying abroad increased their self-confidence
- 95% stated that studying abroad has had a lasting impact on their view of the world
- 94% stated that the experience influenced their interactions with people from different cultures
- 90% said that studying abroad influenced them to seek out a greater diversity of friends
- 87% claimed that studying abroad influenced subsequent education experiences
- 76% reported that they acquired skill sets that influenced their career paths

*Findings from the Institute for the International Education of Students (IES) Abroad Alumni 50-Year Longitudinal Study.*
"WELCOME" IS MORE THAN JUST A WORD AT MILLIKIN UNIVERSITY. IT’S A WAY OF LIFE.

Within our inclusive, vibrant community, you’ll find many ways to get involved, form new friendships and find your perfect fit. At Millikin we have a knack for bringing people together …

TRANSFER STUDENTS

Transfer students are an important part of the Millikin University population, as they make up 20% of our student body. Millikin accepts transfer credits from accredited colleges or universities recognized by the U.S. Department of Education to fulfill Millikin degree requirements.

ARTICULATION AGREEMENTS
Millikin holds articulation agreements with many community colleges. Course equivalencies for specific community colleges can be found at millikin.edu/transfer.

GRADES
- Grades of C- or higher are accepted.
- Credit for the course transfers, not the grade.

APPLICATION TIMELINE
Applications are accepted on a rolling basis. Students may enroll for the:
- Fall semester
- January immersion
- Spring semester
- Summer immersion

Transfer students who have earned an Associate of Arts or Associate of Science degree from another institution are given full course and hour transfer credits for courses credited for these degrees, up to a maximum of 66 credits. The best way to determine which credits will transfer is to apply and have your official transcripts sent to Millikin’s Office of Admission. You may also schedule an individual appointment to review your documents with our admission team.

athletics.millikin.edu
The Greek community here at Millikin accounts for more than 30% of our student body. Fraternities and sororities are founded on principles of leadership, community engagement, philanthropic effort and a commitment to lasting friendships.

Community engagement, service projects and civic action are central themes in Millikin coursework and Performance Learning and are equally important pillars of the Greek community.

Campus living is a meaningful part of the Millikin University student experience. First-year students enjoy our Living-Learning Communities and traditional residential environments, while sophomores, juniors and seniors gain independence in our luxury apartment community.

Millikin’s Office of Campus Life promotes inclusive, safe and healthy student communities.

STUDENT HOUSING
First-year students live in one of four on-campus residence halls. Rooms are furnished, and most hall amenities include the following:
- Laundry facilities
- Vending machines
- Kitchen
- Wi-Fi
- Secured access

LIVING-LEARNING COMMUNITIES
A Living-Learning Community (LLC) is a residence hall or floor where students of common interest and criteria reside. Millikin currently offers LLCs for the following:
- First-year nursing students
- First-year business students
- First-year Honors Scholars
- First-year Long-Vanderburg Scholars
- International citizens
- Students with a commitment to the arts
- Future educators

Visit millikin.edu/livinglearning to learn more about the unique LLC experiences Millikin offers.

For more information about residential options for students, including tours of the University’s residence halls, visit:
millikin.edu/housing

ASTON HALL
Millikin’s historic Aston Hall opened in 1907 and features four traditional floors housing 100 residents. Aston is known for its tall ceilings, large hallways and community-style bathrooms. Aston Hall is not air-conditioned and is an affordable option for students. Students are assigned to gender-specific floors.

BLACKBURN HALL
This close-knit community of 99 residents includes newly updated community bathrooms, air conditioning and close proximity to Shilling Hall. Blackburn features double-occupancy rooms in a traditional residence hall style. Students are assigned to gender-specific floors.

DOLSON HALL
Millikin’s largest residence hall boasts four floors of suite-style living, housing 200 coed residents. Dolson room options include single, double, triple and quad rooms, all of which include air conditioning and suite-shared bathrooms. ADA accessible rooms are also available.

WECK HALL & NEW HALL 4
The quaint, two-story, suite-style halls are located directly across the street from Shilling Hall. Both Weck and New Hall 4 house 52 residents each, are air-conditioned and include suite-shared bathrooms. Students who live in these residence halls gain an intimate sense of community.

THE WOODS APARTMENTS
Students with 24 or more credits (18 as a transfer student) are eligible to live in The Woods. This option features luxury apartment-style living, four private bedrooms, a full kitchen, washer/dryer, private deck or patio, TV and modern furnishings. Community amenities include a pool, fitness center, tanning bed, movie theater, computer lab, parking and secured access. For more information, please go to thewoodsatmillikin.com.

ADA accessible rooms are also available.

RESOURCES TO ACHIEVE

CAPP
The Center for Academic and Professional Performance (CAPP) is devoted to delivering complete wrap-around services to foster students’ resilience, confidence, academic success and social skills. The CAPP works to ensure a successful college experience, positive personal development and post-graduation preparedness.

The CAPP provides a natural continuum of care as it blends Millikin’s strengths-based approach to student mentoring, from students’ first days on campus to graduation.

WELCOME WEEK
Welcome Week takes place the week before classes begin and helps new students develop the skills to be successful in their Millikin careers. The events at Welcome Week will guide newcomers in finding their homes at Millikin, whether that’s through a student organization, an internship, intramurals, community service or more.

MILLI-KINSHP
Certain students, based on high school credentials, may be assigned a secondary student development advisor. These advisors can help students through difficulties transitioning to college and connect them with campus and community resources. All of our student development advisors are trained to assist students with college success, and their goal is to help students thrive at Millikin!

CAPP SERVICES INCLUDE:
- Academic peer mentoring program
- Alumni mentoring program
- Career coaching
- Career fairs
- Career services
- Disability services
- EDGE Program
- Exploratory Studies major
- Freshman Jump
- Strengths-based advising model
- Student employment
- Student services
- Supplemental instruction
- Tutoring

STUDENT MENTAL & BEHAVIORAL SERVICES CENTER
Millikin’s Student Mental and Behavioral Services Center focuses on primary prevention, health promotion, treatment, maintenance and crisis response. An emphasis is placed on assessment of students, outreach, case management and cooperation with local partners such as Crossing Healthcare, A&E Behavioral Health, Heritage Behavioral Health and St. Mary’s Hospital.

OFFICE OF PUBLIC SAFETY
The Office of Public Safety is open 24 hours a day, seven days a week. They offer Safe Rides and Safe Walks from dusk until dawn every day for the safety of students on or near campus. A dispatch center also monitors the local and national news for weather and crisis information.

RESOURCES TO ACHIEVE

YOU BELONG HERE

Millikin University’s mission is to deliver on the promise of education, and in keeping with that mission, Millikin is committed to maintaining an inclusive campus culture that respects and invites exploration of the diverse perspectives, experiences, cultures, languages and identities reflected in our community.

We are dedicated to creating a campus culture that respects and values diversity while providing a variety of different opportunities to celebrate differences within our inclusive community. These values were emphasized several years ago through the creation of the President’s Commission on Inclusive Excellence, which was formed to advance the University’s work and education on topics such as race, equality and social justice.

We believe that this dedication to inclusive excellence is necessary to fulfill the commitments put forth in our mission statement:
- Understanding of diverse experiences and perspectives should be essential to professional success.
- Fostering inclusion is an integral part of being a democratic citizen in a global environment.
- A personal life of meaning and value can be enhanced through reflection on and appreciation of the many expressions of our common humanity.

At Millikin, diversity is seen in broad terms, including race, ethnicity, socio-economic status, gender, disability, national origin, religion, sexual orientation and age. Through the recruitment of diverse students, staff, faculty and administrators, and by creating an environment that values diversity, Millikin seeks to provide an engaged learning community in which diversity enhances the total educational experience.

We believe that the leadership opportunities, inclusive programs and educational resources provided at Millikin University will empower our students to explore both who they are and who they will become as humans and global citizens. We are committed to helping all of our students feel a deep sense of belonging, a strong purpose and a great understanding of identity.
Our University is big on personality. The same goes for our city. Millikin is located in Decatur, Ill., with a population of approximately 70,000 residents. Our students don’t just live in Decatur; they get involved. Whether MU students work as interns at one of two area hospitals, attend a Millikin–Decatur Symphony Orchestra concert or shop downtown, they embrace and engage the local communities.

Downtown Decatur recently underwent a $14 million public development improvement to bring a new look, feel and energy to the city’s central business district. The downtown area includes many locally owned restaurants, specialty shops, art galleries and entertainment opportunities that Millikin students visit regularly. Lake Decatur remains a popular destination for many in the community. With a 22-mile scenic lake frontage, its water recreation activities include swimming, water skiing/jet skiing, paddleboarding and, of course, fishing. Decatur also has two award-winning golf courses, including Red Tail Run, a recently opened signature course designed by legendary PGA Hall of Famer Raymond Floyd.

**TOP AREA EMPLOYERS**
- Archer Daniels Midland Co.
- Decatur Memorial Hospital
- Decatur Public Schools
- Caterpillar Inc.
- HSHS St. Mary’s Hospital
- Tate & Lyle
- Ameren Illinois
- Mueller Co.

Many area companies, organizations and nonprofits open their doors for MU students to engage in Performance Learning through internships.

limitlessdecatur.com

**Did You Know?**

Decatur was the original home of the Chicago Bears, from 1919 to 1920. The football team was then known as the Decatur Staleys and played at Staley Field, both named after the local food products manufacturer.

Millikin’s President’s home was designed by Frank Lloyd Wright’s assistants Hermann V. von Holst and Marion Mahony.
All students who submit an application and are admitted to Millikin will receive an annual Merit or Opportunity Scholarship to assist with the cost of tuition.

SCHOLARSHIPS & FINANCIAL AID

MILLIKIN IS COMMITTED TO WORKING WITH FAMILIES TO MANAGE TUITION COSTS. WE OFFER FINANCIAL AID PACKAGES THAT INCLUDE SCHOLARSHIPS, LOANS, GOVERNMENT ASSISTANCE AND STUDENT EMPLOYMENT.

Here are just a few of the scholarships Millikin has to offer:

**President's Scholarship**
Full Tuition
This prestigious, up to full tuition scholarship is renewable for four years and is awarded to the best of the best. Presidential Scholars are leaders in Millikin's Honors Program.

**Leighty Science Scholars Program**
-$2,500/year + $3,000 summer research grant
This scholarship is designated for high-achieving science majors (biology, chemistry, physics or pre-engineering) and includes graduate-level research opportunities and a summer stipend.

**Long-Vanderburg Scholars Program**
-$2,000/year + $5,000 travel grant opportunity
The Long-Vanderburg Scholars Program is designated for high-achieving students who have a commitment to diversity, leadership and community service.

**College of Fine Arts Scholarships**
Up to $5,000/year
College of Fine Arts Scholarships are given to students pursuing studies in art, arts technology and administration, music or theatre who show significant promise of contribution in the arts. Scholarships are determined by auditions, interviews or portfolio reviews.

**Leadership Scholarship & Fellow Program**
-$2,000/year
This scholarship awards students exhibiting academic and leadership accomplishments. Leadership Fellows will participate in related programming throughout their time at Millikin.

**Alumni Legacy Scholarship**
-$1,000/year
Students who carry on the Millikin tradition in their family (having had a parent, grandparent or great-grandparent attend the University) are eligible to apply for this scholarship, renewable for four years. There is no application deadline.

**Sibling Scholarship**
-$500/year
This scholarship is for students with a sibling concurrently enrolled at Millikin. There is no application deadline.

**PhD Scholarship**
Varies
The Thomas S. Sly Scholarship is for first-year exploratory studies students who have not yet declared a major. To apply for the scholarship, students must submit a 100-word essay explaining why they are choosing to begin an academic career by exploring their possibilities at Millikin.

**Phi Theta Kappa Transfer Scholarship**
-$2,000/year
This scholarship supports students who have excelled academically in community college. To be eligible, students must have completed at least 32 hours of course work and generally have a 3.5 transfer GPA. Evidence of Phi Theta Kappa membership is required.

Need-based aid is awarded based on results of the Free Application for Federal Student Aid (FAFSA). The FAFSA is the only financial aid application required by Millikin.

You make it Millikin. We’ll make it affordable.

Additional academic certificates require a limited amount of extra coursework and give students an opportunity to explore Performance Learning outside their disciplines. Certificates can also help students stand out to potential employers.
Millikin is interested in more than grades or test scores. We’ll also look at your extracurricular activities, community service, hobbies and drive to succeed.

Make it Millikin by submitting a $150 advance tuition deposit. The deposit is credited toward your tuition and refundable until May 1. Apply at millikin.edu/apply or through the Common Application. Our application is free, and some programs have additional application requirements.

» Ask your school to send us an official copy of your transcripts.
» While students may choose to submit ACT or SAT scores, they are optional.
» Some students may be asked (based on GPA) to submit two letters of recommendation or to conduct an interview with an admission counselor.

ACT code: 1080 | SAT code: 1470

The only financial aid form Millikin requires is the Free Application for Federal Student Aid (FAFSA). File any time after October 1 at fafsa.gov. For a sneak peek at possible aid, check out our net price calculator at millikin.edu/affordmu.

Apply for scholarships after you’ve been accepted. Most scholarship applications are due January 15 (first-year students) or April 1 (transfer students). Learn more at millikin.edu/scholarships.

For additional information regarding campus visit opportunities, including Online Information Sessions, Virtual Campus Visit Days and individual visits, please see the Office of Admission’s website at millikin.edu/visit
