Millikin Alumni email

To assist in preventing our community from the increase of phishing attempts and spam, Millikin Information Technology will be phasing out alumni millikin.edu email accounts on July 30, 2019. Per the new policy, recent 2019 grads will continue to have access to accounts until summer 2020.

Read and accept rights and responsibilities statement

Students are responsible for all information published in the University Bulletin and Student Handbook. Students must also be aware of subsequent changes in academic programs or rules pertaining to student rights and responsibilities. Changes in academic program requirements are not normally retroactive, however there are cases where outside accrediting or certification boards make changes in regulations that effect changes in our programs. Students must be aware of these changes to [Course Bulletins](#).

It is the student's responsibility to understand and meet all requirements for the major(s) and minor(s) for the degree(s) they are seeking. [Your degree evaluation](#) can assist you with determining progress.

Students are responsible for all financial obligations to the University. Failure to meet the financial obligations to Millikin may result in the student being withdrawn from the University pursuant to the [Student Handbook](#).

Students are responsible for filing all approved departmental exceptions or waivers with the office of the Registrar. Exceptions and waivers must be approved in writing according to departmental and university guidelines.

I understand that a monthly billing statement will be sent to me electronically. Students will be held responsible for consequences arising out of the registering for courses without first consulting with their advisor.

I have reviewed, and acknowledge, that I have read all refund policies inside of the [Course Bulletins](#) for the academic year.
