

Accelerated MBA

Graduate Assistant Opportunities

"The MBA program really taught me to make connections. Professionally, I was honored to work with Marketing as a Graduate Assistant, where I really got to sharpen my data analytics skills. One of the larger projects I worked on involved updating the website, and I was able to work with many employees to incorporate the ideas they wanted, as well as my own, letting me expand my creativity."

Larissa Senga, '23/MBA '24

Former Graduate Assistant, Marketing & Media Relations

APPLICATION
DEADLINE:

April 1

Go Forward. Faster.

Graduate Assistantships are made available each year in the Accelerated MBA Program, providing much-needed work experience for graduate students while increasing their future employment options.

- » To apply for a Graduate Assistant (GA) position, you must first be admitted to the MBA program
- » Graduate Assistantships are offered in both academic and administrative areas and involve teaching responsibilities and/or research-specific tasks
- » GAs will work at least 20 hours a week for the full 12 months of the MBA Program
- » GAs will receive a partial tuition waiver and a monthly stipend
- » Discounted housing available
- » Interviews and placement will occur by end of April
